EDUCATION

Bachelor in Computer Science

Manipal University, Jaipur
June 2023-present

Full-Stack Web Development

Prepleaf By Masai
August 2023 - October 2024

Higher Secondary Education

Sri Bhagawan Mahaveer Jain College
April 2020 - July 2021

TECHNICAL SKILLS

React | JavaScript | Express.js | Node.js | MongoDB | Mongoose | HTML5 | CSS3 | Git | RESTful APIs

SOFT SKILLS

Problem Solving | Attention to Detail | Time Management | Adaptability

INTERESTS

- Music
- Yoga practioner

Dhanush S

Full Stack Web Developer

PROFESSIONAL SUMMARY

Adaptable full-stack web developer with strong proficiency in JavaScript and the MERN stack. Skilled in developing scalable web applications using React.js and Node.js. Demonstrates rapid learning of new technologies, including Generative AI, and thrives in collaborative environments.

PROJECTS

1. Todoist - Todo Application | 🌐 | 🐙
JavaScript | Chakra UI | Node.js | Express.js | MongoDB | HTML5 | CSS3 | Responsive Web Design | RESTful APIs | React

- Developed a full-stack task management app with a user-friendly interface using React and Chakra UI.
- Designed and implemented backend APIs using Node.js and Express.js to handle CRUD operations.
- Utilized MongoDB for data storage and optimized queries for better performance.
- Ensured seamless integration between frontend and backend components for a smooth user experience.
- Implemented user authentication and authorization for secure access to user-specific tasks.

2. Weather App | 🌐 | 🐙
JavaScript | React | HTML5 | CSS3 | Git | Chakra UI

- Built a responsive weather application using React.js and Chakra UI for modern and accessible UI.
- Integrated third-party weather APIs to fetch and display real-time weather data.
- Implemented client-side routing and state management for smooth navigation and enhanced user experience.
- Ensured cross-browser compatibility and responsiveness across various devices and screen sizes.

3. Nordstrom.com Clone | 🌐 | 🐙
JavaScript | HTML5 | CSS3 | React | Chakra UI | Git

- Cloned the frontend of Nordstrom's website using React and Chakra UI, focusing on visual accuracy and responsive design.
- Implemented interactive UI components like sliders and carousels for enhanced user engagement.
- Collaborated using Git for version control, ensuring smooth and effective collaborative development workflows.
- Developed reusable components and adhered to best practices to maintain code quality and readability.
